

Scott “Q” Marcus

Speaker • Author • Motivator

As a dynamic entertaining speaker and author, Scott’s programs have been described as “*a cross between Business 101, Group Therapy, and a Southern Revival.*”

With extensive business background in management, marketing, and sales, Scott refers to himself as “a recovering perfectionist” because he learned that doing something well was far more productive than sitting around waiting to do everything perfectly — and getting nothing done at all. **His programs are fun, interactive, inspiring and they GET RESULTS!**

Scott brings his extensive marketing background to bear to help increase attendance and make your gathering more productive for all.

He also understands that “slower is quicker than never” and will therefore get attendees past unrealistic expectations that lead to avoidance, procrastination and low morale. Attendees can look forward to being more productive, improving morale, and enhancing their communication skills.

Quality handouts & visually impactful presentations customized to your audiences’ needs will bring your event alive. Scott’s uniquely developed concepts, *Think 1st* and the *I Promise Card*, will help in creating positive change with your audience.
